1. **DLIFLC Language Requirements:** Students must successfully complete their language program through the Defense Language Institute Foreign Language Center (DLIFLC) in Monterey. Other locations are not eligible for the BA Degree; only students who have studied at DLIFLC in Monterey, CA are eligible. Students must complete a Basic and an Intermediate or Advanced program. Students no longer at DLIFLC in Monterey must include a copy of a current LES or military ID* with their application. TESTING, TRANSCRIPTS, AND TRANSFER INFORMATION (PLEASE READ):

General information

- Students are responsible to ensure the Degree Office receives all documents. Due to the large number of applications, you will NOT be notified when documents are received and are encouraged to check with the office on the status of your application. All official documents must be in the Degree Office before the degree may be granted.

- Only the DLIFLC Degree Office has the right to approve or disapprove general education and elective transfer credit. Any other information provided by other offices or sources is for familiarization purposes only and does not enroll you in the program, approve your transfer credit or supersede any polices set by the Degree Office.

- Application and all official documentation (transcripts etc.) MUST be on file in the Degree office prior to separation from military service or 30 days BEFORE graduation if you are a current student.

- Students no longer in Monterey, whose applications are more than one year old, will need to update their file by sending a current address and military ID or LES. Applicants with name changes must complete a new application.

- Students applying for more than one BA Degree only need to send one set of official transcripts; however, an application is required for each language degree request.

- Students in the 15 Special Projects courses must still have earned the 45 semester credits from DLIFLC to be eligible for the BA Degree.

- Three (3) semester credits (or 4.5 quarter credits) are required for each of the nine General Education requirements plus one (1) lab credit (total of 28 semester credits).
