Introduction

This Familiarization Guide is designed to provide prospective examinees with information about the Defense Language Proficiency Test 5 (DLPT5) in multiple-choice format. This guide contains general information about the test design, the format of the test, its length, its content, the skills tested, and procedures used in scoring and reporting the scores. In addition, screen shots of what the examinees will see when taking the test on the computer as well as information on testing procedures are provided. Finally, there is a section of sample listening passages with questions, answer choices, and explanations for each choice.

Overview of the DLPT5 Multiple-Choice Test

Department of Defense Instruction DoDI 5160.71, 2019 identifies the Defense Language Proficiency Testing (DLPT) System—for reading, listening, and speaking modalities—as an essential component of the Defense Language Program, and critical to the Department’s ability to measure and capture the language capabilities of the DoD Components and to determine readiness.

Except as otherwise provided in DoDI 5160.71, 2019 or as authorized by public law, the DLPT System is the only test battery authorized for assessing an individual’s proficiency in a foreign language and for determining qualification for receiving a Foreign Language Proficiency Bonus (FLPB) for military personnel pursuant to DoD Instruction 1340.27 or Foreign Language Proficiency Pay (FLPP) for civilian personnel pursuant to DoD 1400.25-M in the Department of Defense.

The fifth generation of the Defense Language Proficiency Test (DLPT5) measures target language proficiency in two modalities, reading and listening, regardless of how the target language has been acquired. Target languages refer to the languages other than English for which the DLPT5 is developed. Like all previous generations of DLPT—since the inception of the first standardized Army Language Proficiency Tests in 1948—the DLPT5 was developed as a bilingual test requiring English language proficiency as prerequisite for foreign language proficiency testing.

The DLPT5 tests measure proficiency as defined by the Interagency Language Roundtable (ILR) Skill Level Descriptions, levels 0+ through 4 (https://www.govtilr.org/), where available. The results of the DLPT5 will be used to make operational readiness, incentive pay, and training decisions for civilian and military language analysts in the United States government.

Description of the DLPT5 Lower-Range Test in Multiple-Choice Format

- **Test Design**
  - Typically, the Lower-Range Reading Comprehension Test contains approximately 60 questions with about 36 passages. A reading passage can have up to 4 questions, each with 4 answer choices.
  
  - Typically, the Lower-Range Listening Comprehension Test contains approximately 60 questions with about 37 passages. A listening passage can have up to 2 questions, each with 4 answer choices.
  
  - Examinees have 3 hours to complete the Reading Comprehension Test and 3 hours to complete the Listening Comprehension Test. Approximately halfway through each test, examinees will be given a 15-minute break. The break does not count toward the test time. For the Reading Comprehension Test, examinees may take as much or as little time as they wish to answer the questions. For the Listening Comprehension Test, although the playing of the passages is controlled by the computer, examinees may take as much or as little time as they wish to answer the questions. Managing time effectively is the examinee’s responsibility.

- **Test Content**
  - The DLPT5 is designed to measure proficiency in the target language regardless of how that language has been acquired. For this reason, and because of the broad proficiency orientation of the test, its content is not tied to any particular language-training program.
  
  - The majority of passages included in the test are sampled from authentic materials and real-life sources such as signs, newspapers, radio and television broadcasts, the Internet, etc.
  
  - The passages cover a broad range of content areas, including social, cultural, political, economic, geographic, scientific and technological, and military and security topics.
  
  - The content of the test forms will be systematically updated.

- **Test Format**: The test includes instructions on how to take the test, examples of how to answer the questions, and question sets. Each question set contains the following parts:
  
  - **Orientation**: This is a short statement in English that appears before each passage. Its purpose is to identify the context from which the passage is taken.
- **Passage**: This is the only element of the test that is in the target language being tested. The maximum length of a Reading Comprehension passage in the test is approximately 400 words. The maximum length of a Listening Comprehension passage in the test is approximately 2 minutes.

- **Question statement**: Each individual question is based on the passage, is written in English, and is posed in the form of a complete question or an incomplete statement. The questions may ask about what is explicitly stated in the passage or, in some cases, what is implied in it. Occasionally, questions may ask about specific words or phrases that are used in the passage. The number of questions asked about each passage is related to the length and complexity of that passage.

- **Answer choices**: Each question statement is followed by 4 answer choices, also written in English, only one of which is the correct answer. Each answer choice is displayed on the screen with a button next to it that examinees will click to select that choice. Examinees can change their selection by clicking on a different button.

DLPT5 is for official use only and the unauthorized discussion, disclosure, or possession of any of the test content is forbidden.

For military personnel, failure to comply with this prohibition is a violation of Article 92, Uniform Code of Military Justice, and will result in administrative or disciplinary actions.

For civilian personnel, failure to comply with this prohibition may be prosecuted under Title 18, Section 641 of the United States Code.
Scoring

Examinee scores are reported in terms of ILR levels, including “plus” ratings. Lower-Range tests are intended to cover ILR levels 0+ through 3. Possible scores are 0, 0+, 1, 1+, 2, 2+, and 3. Separate scores are reported for reading and listening.

Scores reflect current functional language proficiency in reading and listening as defined in the ILR Skill Level Descriptions (https://www.govtilr.org/). Scores do NOT reflect proficiency in speaking or writing, nor do they reflect examinees’ job-related performance or ability to perform specific language-related tasks under special circumstance (e.g., reading or listening to a target language passage indefinitely many times with the aid of supplemental reference materials and information sources).

Scores on the test are based on the number of questions answered correctly. Since there is no penalty for incorrect answers, it is to the examinee’s advantage to attempt to answer every question, even if it involves guessing.

Preparation for Taking the DLPT5

The purpose of this publication is to familiarize prospective examinees with the DLPT5 multiple-choice format and general testing procedures. Other than carefully reading this guide so that the test instructions and format are familiar, there is very little to be gained from “studying” for the test. The best preparation for the DLPT5 is the acquisition of a solid base of general proficiency in the target language, both through formal training and through language exposure and use in a variety of real-life language-use settings. Study aids (i.e., dictionaries, reference books, etc.) are not permitted for this test.
Test Procedures and Instructions for Taking the DLPT5

The purpose of this section is to familiarize prospective examinees with how to take the DLPT5 multiple-choice Reading and Listening Comprehension Tests. Test procedures and instructions for both the Reading and Listening Comprehension Tests are provided.

Test Procedures Overview

This section is to help prospective examinees become familiar with the test procedures of the DLPT5 multiple-choice Reading and Listening Comprehension Tests. First, there will be a short description of what the examinees see before the actual test begins. Then screenshots of what examinees will see on the computer screen will be provided.

At the beginning of the test session, the examinee logs on to the system using a Common Access Card (CAC). The examinee must click on the [CAC Logon] button before moving to the next screen.
The next screen provides a list of tests for which the examinee is registered; the examinee selects the appropriate test from the list.
Once the test has been selected, a series of introductory screens appears. These screens contain the Privacy Act Statement, the Disclaimer for Defense Language Institute Tests, the Non-Disclosure Statement, and the Test Administration Statement (of the examinee’s ability to take the test at that time). The examinee must click on the indicated checkboxes under the Disclaimer Statement and then the Test Administration Statement before moving to the next screen.

Below are introductory screens from the Reading Comprehension Test. The Listening Comprehension Test, not depicted, has similar introductory screens. Please note: the screen shots below were taken from the Japanese test as examples for the purpose of illustration.

(D) is not the correct answer. The flyer does not mention a job opportunity.
Parcă în ciuda vremii de afară, autoritățile se pregătesc intens de deschiderea sezonului estival pe litoralul românesc și în Delta Dunării. Organizatorii promit concerte, petreceri pe plajă, festivaluri de muzică și show-uri de drift, adică tot ce nu-i e pe plac ministrului Turismului.

Germanii ne dau de gol și se plâng autorităților că suntem zgomotoși și insensibili la reclamațiile lor. Plecând de la această remarcat, ministrul Turismului a afirmat că vrea mai multă liniște în stațiunile de la malul Mării Negre. Conform acestuia, Costinești, Eforie și Vama Veche ar fi cele mai zgomotoase locuri de pe Litoral, motiv pentru care va ordona demararea unor acțiuni de măsurare a nivelului de zgomot. Localurile care depășesc limita de zgomot acceptată vor suferi sancțiuni contravenționale.

„Mă gândesc la o măsurare a decibelilor din anumite zone de pe litoralul românesc, pentru că acest lucru mi-a fost ridicat chiar de turoperatori din Germania în momentul în care am participat la Târgul de la Berlin. Eu nu-mi permit că conduc această instituție să avem reclamație sau să pierdem turiști doar din acest motiv”, a declarat ministrul Turismului.

2. What concern of the minister of tourism is discussed in this news article?

(A) The lack of safety measures at organized tourist events.
(B) The inadequacy of customer service at seaside resorts.
(C) The noisiness of the entertainment activities at the seaside.
(D) The slow start of the new tourist season across the country.

The correct answer is (C).

Justification:

(A) is not the correct answer. The article does not mention any lack of safety measures at organized tourist events.

(B) is not the correct answer. There is no inadequacy of customer service at seaside resorts that is mentioned in the article.

(C) is the correct answer.

The article reports that the minister of tourism is concerned about the noisiness of the entertainment activities at seaside resorts.
(D) is not the correct answer. The article does not report a slow start of the new tourist season across the country.

3. What is one thing that the minister of tourism wants to do?

   (A) Address the deepening concerns of foreign tour operators.
   (B) Impose stricter sound limits at seaside entertainment venues.
   (C) Release new guidelines on music acceptable for public places.
   (D) Promote native tour operators at international tourism fairs.

The correct answer is (B)

Justification:

(A) is not the correct answer. Although the article mentions that the issue of noise was raised by the German tour operators, the article doesn’t say that the minister of tourism wants to address their deepening concerns.

(B) is the correct answer.
   The article reports that the minister of tourism wants to impose stricter sound limits at seaside entertainment venues.

(C) is not the correct answer. The minister of tourism wants to solve the issue of noisiness by imposing stricter sound limits, not by releasing new guidelines on music acceptable for public places.

(D) is not the correct answer. The article does not report that the minister of tourism wants to promote native tour operators at international tourism fairs.
Sample Passage: ILR Level 3

*From an opinion piece written by a military officer*

Profesiile de militar sunt, în general, o profesie de vocație. De aceea, a devenit un imperativ al armatei, la acest moment, de a angaja nu cetățeni, ci militari de vocație. Rezerviști voluntari: soldați/građați, maștiri militari și subofițeri, ofițeri. Stăpânii și deplini conștienți de alegerea lor, de faptul că îmbrățișează acest mod de viață unic, sub jurământ față de țară, care le testeză limitele și le pune în valoare calitățile fizice, morale și intelectuale.

A avea vocație pentru cariera armelor înseamnă să fii chemat spre această profesie, să simți până în măduva oaselor că tot ce faci îți se potrivește și te reprezintă. Înseamnă să faci munca din plăcere, să îi cu drag la cazarmă în perioadele de convocare, ca la un spectacol bine regizat, să trece cu fruntea sus peste greutăți și asperități, să te pregătești zilnic, umăr la umăr cu colegii tăi, pentru tot ce poate fi mai greu și mai rau.

Meseria caracterelor tări înseamnă voință împinsă la extrem, implicare, efort susținut, bătălie cu propriile limite, rigoro, disciplină, dorința de a fi mai bun. Înseamnă să înveți să lucrezi în echipă, să îți asumi cu modestie succesul, dar, mai ales, cu demnitate eșecul, să te salvezi aproapele din situații – limită, să ajuti, să motivezi, să învingi.

Când devii instructor și comandant, la toate acestea se adaugă noi valențe. Tactul pedagogic este, printre ele, o componentă a capacității și aptitudinii de a comanda și de a obține rezultatele scontate, o abilitate de a înțelege subordonate, de a fi exigent și corect, sever și omenos. Exemplul personal, lucrul planificat și organizat, capacitatea de a sprijini și a îndruma luptătorii, de a-i motiva în funcție de personalitate, de a cumpăra îndelung la acordarea recompenselor și sanctiunilor se adaugă la toate acestea. Un bun comandant este cel care comunicează permanent, indiferent de situație și de multitudinea factorilor de stres. Pe lângă informațiile și cunoștințele pe care le transmite zilnic, el este legat sufletește de oamenii lui.

Am întâlnit, în cariera mea, comandanții și dascăli care m-au îndrumat și mi-au rămas la inimă. De la fiecare am învățat, de-a lungul timpului, ca dintr-o carte deschisă, secretele muncii cu oamenii, cu tehnică și echipamentele militare. Așteptăm, de la cei care se vor înrola în corpul rezerviștilor voluntari, să vină cu hotărârea de a-și împlini chemarea într-o meserie călită la flacăra pasiunii pentru cariera armelor.
4. Considering the author’s comments, what can be inferred about a volunteer army?

(A) Recruiting volunteers into military service assures the acquisition of passionate individuals.
(B) Transitioning to an exclusively volunteer military has been a difficult decision.
(C) Attracting highly educated volunteers into military service has been an enormous challenge.
(D) Becoming a military volunteer requires passing demanding personality tests.

The correct answer is (A).

Justification:

(A) is the correct answer.

The author’s main message in the passage is that volunteers are fully aware of their choice, therefore passionate people enter the military service as their vocation.

(B) is not the correct answer. Nothing in the author’s comments leads to the idea that transitioning to an exclusively volunteer military has been a difficult decision.

(C) is not the correct answer. Even though the author mentioned intellectual qualities of the people entering the volunteer army, nothing in the comments indicates that it has been a challenge to attract highly educated volunteers into military service.

(D) is not the correct answer. The author does not mention anything about a personality tests requirement in order to become a military volunteer.

5. In light of the author’s comments, what is one conclusion that can be reached regarding a military career?

(A) In contrast with civilian jobs, it presents an opportunity for patriotism and good citizenship.
(B) It provides overachievers many routes to pursue accelerated promotion.
(C) It allows individuals a chance to focus extensively on their interests.
(D) In addition to expanding technical skills, it nurtures leadership and interpersonal abilities.

The correct answer is (D).

Justification:

(A) is not the correct answer. The author’s comments in the passage do not indicate anything about civilian jobs.

(B) is not the correct answer. The author’s comments do indicate that a volunteer military career improves interpersonal and work-related abilities, but there is no mention that this career would provide many routes to pursue accelerated promotion.
(C) is not the correct answer. The author’s comments in the passage do not mention that a military career offers individuals a chance to focus extensively on their interests.

(D) is the correct answer.
   The author's comments lead to the conclusion that a military career develops leadership abilities and improves interpersonal communications, all while expanding technical skills.

   (A) pick up a neighbor.
   (B) drop off her groceries.
   (C) buy something to bring.
   (D) pay her mechanic.

The correct answer is (C).

Justification:

(A) is not the correct answer. The woman wants to stop in order to buy something to bring to the party, not to pick up a neighbor.

(B) is not the correct answer. The woman mentioned food to bring to the party, not dropping off her groceries on the way to the party.

(C) is the correct answer.
   In her voice mail message, the woman states that she wants to stop on the way to the party in order to buy something to bring to the party.

(D) is not the correct answer. Even though the woman mentions that her car is at the mechanic, paying the mechanic is not the reason she wants to stop on the way to the party.
Sample Passage: ILR Level 2

This passage is from a news report featuring two female reporters and a male police officer.

Transcription:

**Reporter 1 (F):** Şoselele țării vor fi mai libere în această vară. Aproape 2.000 de șoferi au rămâs fără permisul de conducere în minivacanța de Rusalii, fie pentru că s-au urcat băuți la volan, fie pentru că s-au crezut regii șoselelor și au apăsat mult prea tare pedala de acelerare.

**Reporter 2 (F):** Sărbătorile și minivacanțele sunt perioadele în care cei mai mulți români sunt sancționați în trafic sau rămân fără permisul de conducere. Ca de fiecare dată, cauzele principale sunt conducerea sub influența alcoolului și viteza excesivă. Numai în minivacanța de Rusalii, polițiști au dat aproape 30.000 de amenzi de circulație și au ridicat aproape 2.000 de permise auto.

420 de radare au împânzit șoselele din întreaga țară în ultimele zile. Numai ieri au fost surprinși 15 șoferi care călcașeră pedala de acelerare până la podea.

**Polițist (M):** În acestă perioadă, zilnic 2.000 de polițiști de la Rutieră s-au aflat în stradă pentru fluența și siguranța traficului rutier. Aceștia au folosit 420 de aparate radar pe toate drumurile naționale, pe autostrăzi, pentru depistarea celor care nu respectă regimul legal de viteză.

La data de patru iunie anul curent, polițiștii Brigăzii Autostrăzi și Misiuni Speciale a Poliției Române au depistat cincisprezece vitezomani, care circulau cu viteze excesive pe autostrăzi. Cea mai mare viteză a fost de 232 de kilometri la oră, înregistrată pe Autostrada A3.

2. According to the report, what is one common reason for a person’s driver’s license being revoked?

   (A) Driving under the influence of alcohol.
   (B) Displaying aggressive driving behavior.
   (C) Endangerment of road workers.
   (D) Accumulation of multiple tickets.

The correct answer is (A).

Justification:

(A) is the correct answer.

It is reported that driving under the influence of alcohol is one common reason for a person’s driver’s license being revoked.
(B) is not the correct answer. Even though the report mentions excessive speed, aggressive driving behavior is not cited as a common reason for a person’s driver’s license being revoked.

(C) is not the correct answer. There is no mention in the report of road workers being endangered.

(D) is not the correct answer. The report makes no mention of accumulation of multiple traffic tickets.

3. In the report, what is one strategy to improve road safety that is mentioned?

   (A) Checkpoints on the highways.
   (B) Speed surveillance by radar.
   (C) Undercover traffic monitoring.
   (D) Posting officers at intersections.

The correct answer is (B).

Justification:

(A) is not the correct answer. The report clearly states that it was the speed surveillance by radar, not checkpoints on the highways, that was the police strategy to improve road safety.

(B) is the correct answer.

**Comentator (M):** Domnul Caramitru a devenit Ministrul Culturii. Domnul Pleșu a fost, de asemenea, Ministrul Culturii, Ministrul de Externe. La Cultură au fost Petre Sălcudeanu, scriitor important, a fost Marin Sorescu. Tuturor acestor oameni, nu le-a mai ajuns cariera lor literară sau artistică, mă rog. Au considerat-o ca pe un soi de trambulină, un soi de etapă premergătoare încununării existenței lor în politică. Adrian Păunescu a făcut același lucru. În calitate de politician, era catastrofal. Domnul Sorescu s-a dus la Ministerul Culturii ca să facă niște călătorii în străinătate. Asta a fost singurul lui scop, pot să-ți spun acum. S-a dus peste tot, prin China, prin America, prin țările scandinave. Un om cu umorul lui excepțional, cu simțul ridicolului pe care-l arată în scris, nu se vedea pe sine. Asta este interesant. Cum ajung mari scriitori întruchipări ale penibilului din opera lor. Și nu-și dau seama.

**Narator (M):** Mulți dintre oamenii de cultură și artă din România n-au rezistat tentației de a face politică. Urmarea? Au ieșit adesea din scenă dezamăgiți, șifonați, ba chiar compromiși. Totuși, există și nume mari, cu notorietate și popularitate uriașe care n-au profitat de atuurile lor pentru a le transforma în capital politic.

4. What does the first speaker indicate about the ministers he names?

(A) They lacked the necessary practical connections to accomplish their legislative goals.

(B) They provided a welcome change to typical politicians appointed under the former system.

(C) They held conflicting ideas on the best way for the government to support the arts.

(D) They exploited the acclaim they earned in the cultural arena to obtain a political position.

The correct answer is (D).

Justification:

(A) is not the correct answer. The first speaker does not say anything about the ministers lacking the necessary practical connections for accomplishing their legislative goals.

(B) is not the correct answer. The first speaker implies that the shift in career paths from culture to politics was a personal choice with the goal of gaining advantages that they did not have as authors. He does not say anything about them providing a welcome change to typical politicians appointed under the former system.
(C) is **not** the correct answer. The first speaker does not discuss the idea that the ministers held conflicting ideas on the best way for the government to support the arts.

(D) is the correct answer.

The first speaker points out that the ministers he names used their popularity in the field of culture to acquire a political position.

5. In reference to the information given by the first speaker, what is the likely reason the second speaker admires the authors who refrained from entering politics?

(A) The authors refused to use their public recognition to criticize those in office.
(B) The authors continued to focus on further development of their craft.
(C) The authors resisted the opportunity to take advantage of their popularity.
(D) The authors acknowledged their failure to gain experience before seeking office.

The correct answer is (C).

**Justification:**

(A) is **not** the correct answer. There is no mention of the authors’ refusal to use their public recognition to criticize politicians.

(B) is **not** the correct answer. Although the idea might be inferred from his remarks, it is not the reason the second speaker gives for admiring the authors who refrained from entering politics.

(C) is the correct answer.

This idea is apparent in the second speaker’s statement that there are some great authors who did not take advantage of their literary or artistic assets to transform them into political assets.

(D) is **not** the correct answer. Nothing is mentioned about the authors acknowledging failure to gain experience before seeking office.
